## *Song Contest*

This year with the spirit of Christmas surrounding us early, we observed our twenty-eighth annual song contest on December 15, 1945. Each class lent a spirit of happiness and good will in performing their three Christmas carols. Each class presented—"O Little Town of Bethlehem", a song selected by the class, and a special number given by a portion of the class with special scenery effects.

Professor Hywell C. Rouland, director of music of the University of North Dakota, was our critic judge. He gave criticisms that helped everyone. He gave his decision in favor of the seniors directed by Lillian Floan. The advanced placed second, the freshmen third, the juniors fourth.

This annual Song Contest gives everyone a memorable experience of his years spent here. It is an event that always comes before Christmas and puts us all in the spirit of singing the cherished carols.
