

E. Nelson, A. Ross, M. Bergh

On October 4, 1943, one hundred five eager, green Freshmen registered at the Northwest School. Since then many have had to leave; others have come to join our class. Several veterans have returned to complete their high school course bringing the year's enrollment to seventy-four.

Memories of our high school days will always linger with us. Foremost of these will probably be events such as placing first in the song contest for two consecutive years, the class play, the publication of the "Aggie" and the "Aggie Rouser", the field meet, and our undefeated football season.

It is with reluctant feeling we look toward Commencement Day but with the final cast, we must face the reality of our unsettled world.
