One of the most industrious groups on the campus is the advanced choir. This talented group is chosen from the student body, and is under the direction of Miss Winnifred Erickson and accompanied by Miss Ruth Emerson. They meet at least once a week for practice. The group performs for Parents' Day, Commencement, Sunday night chapel services, and Winter Shows. One of the most exciting events they participated in was the Christmas caroling tour during the Christmas season. At that time they visit all the dormitories and homes on the campus. This group also took a major part in the production of the operetta "Tune In" by Don Wilson.
