The boys of the Northwest School have the opportunity of expressing themselves musically in one of the most active of the music groups on the campus, namely, the Boys' Glee Club. Thus far this year they have appeared before their fellow students in an assembly program and on the Homecoming program. Together with other vocal groups they sang in the operetta "Tune In", and the Parents' Day program. The group is also scheduled to appear on one of the Winter Show Programs.

Some of the most popular songs they sang are "Stout-hearted Men" by Romberg, "Meadowlands" by Knipper, "Whiffenpoof Song" by Minnegerade and "Cherubims Song" by Bortnynsky.
