The 1947 Northwest Aggie's swimming team lost many of the 1946 championship squad members through graduation.

Several weeks of valuable practice time was lost due to the breakdown of the pool circulatory system.

Coach Blatchford expects this year's small, hard working squad to do well in their coming meets. The returning men are: Co-captain Maurice Bergh, Horace Sorrels, and Donald Anderson.

Last year's team won the conference title from Morris by a score of 39 to 22. They won first place in all the events of the meets in which they competed. This is the first time this feat has been accomplished.
