To an audience of over 500 parents the students of the Northwest School displayed their achievements in academic and extra curricular work during the Parents' Day on November 1.

The program of the day included the dinner served in the cafeteria, the dress revue, music by the advanced choir and massed chorus, home project reports on boys' project work, and a one-act play.

At the conclusion of the auditorium program, the coffee hour was held in the gymnasium where the parents had the opportunity to observe home project work on display. The movie "Woodrow Wilson" brought the day to a close.
