

WE KNOW OUR OATS

D. Nelson, Mr. Soine, J. Johnson, V. Bratvold, V. Vonasek.

Crops Judging serves a definite place in the extra-curricular activities of the Northwest School in that competent instruction is given members of the group in the judging of seven classes of grains and legumes, identifying weed seeds, weed plants, forage plants and seeds, cereals, potatoes and potato diseases.

Mr. Soine selects his Winter Shows crops judging team from members of the group.

Mr. Soine, V. Bratvold, D. Nelson, V. Vonasek, J. Johnson.
