The swimming squad began workouts during the first week of December with a fairly large-sized group on hand for training. The freshmen and juniors are exceptionally well represented on the squad.

Several of the key men of the team were lost through graduation last year which means that Coach Blatchford is expending effort in rebuilding the squad. Reports indicate that good progress has been made with the swimming team.

On January 17, the swimming meet between West Central and the Northwest School was held here in the school pool with Morris scoring the victory. Horace Sorrels and Kenneth Poole are the co-captains.
