At different times during the week we hear blaring of horns and the beating of drums which means the band is practicing to inspire the enthusiasm apparent at basketball games, as well as other formal school activities.

As the curtain opens on Parent's Day we find the massed choir giving its first performance of the year. In December the singing groups take their listeners on a music tour of the Americas. Following the annual Christmas play the advanced choir put the students into the Christmas spirit with a few carols. The advanced choir finishes up the semester by caroling at the faculty homes and dormitories, after which they have a Christmas party.
