Marlys Sargent, Earl Waterworth.

## Home Projects

The closing of our school year merely means a change in the scene of activity as we put into practice in our home project work knowledge acquired in the classroom. So—we girls keep cost records as we bake, cook, can, or sew, while the boys run tractors, raise various grain crops, construct buildings, or carry on livestock projects, to mention only a few of the things we do during the summer months.

The results bring to each of us genuine satisfaction.

The championship winners for the summer of 1948 were Marlys Sargent and Earl Waterworth.
