### MUSICAL ORGANIZATIONS

When you see a group of boys gathered around a piano swinging out on "Sweet Rosie O'Grady" or "Dry Bones," you can be sure it's the boys' ensemble with Miss Sally Maher at the piano. This group has enjoyed singing at Parents' Day and for various downtown organizations.

Miss Winnifred Erickson and the girls' sextet are the feminine counterpart of the boys' ensemble.

The high point of the season for the advanced choir was the Christmas Concert which provided an inspirational introduction to the holidays for both students and faculty. To-

gether with the girls' glee club, their performances at this concert, on Parents' Day, and other occasions gave evidence of their musical talent and ambitious efforts.

Providing a spirit of enthusiasm at pep meetings and games, the band, also under the direction of Miss Erickson, has fulfilled its share of the music program during the year.

Since a large number of students of the Northwest School participate in these organizations, the music department has given the school a well rounded schedule of music activities.

Left to right: Alice Joy Christenson, Harriet Balstad, Eunice Peterson, Marilyn Stai, JoAnne Lerud, and LaVonne Skeie.
