

In Memoriam

When Mr. E. C. Bennett died on the Sunday after Thanksgiving, our school lost a man who had given unstintingly of his time and efforts. As physical education instructor and coach of the wrestling, swimming and cross country teams, Mr. Bennett worked many long hours to develop teams which would be a credit to the Northwest School. There was no task, large or small, which he ever refused to do. Our students and graduates will remember Mr. Bennett as an outstanding example of a man who always did his best.
