

... and whittle our figures.

RICHARD M. JACKSON

PHILLIP LARSON

HERSCHEL LYSAKER

We, as students here at the Northwest School, have at our disposal one of the best athletic setups in the valley.

Football and basketball, which probably draw the largest number of prospects, are under the expert supervision of Coach Lysaker. These contests, football in the fall and basketball in the winter, attract large crowds of ardent fans to cheer our boys on to victory.

In charge of physical education classes, which are required for first and second year students, is Coach Jackson. Cross-country and

swimming teams are spurred on by Mr. Jackson. He also serves as assistant football coach.

Wrestling, as a sport, is coming into its own on the campus more all the time. One having much to do with the popularity of the sport is Coach Larson. In addition to this, Mr. Larson serves as assistant in phy. ed. and football.

Unlike most high schools, we have a field house which is devoted exclusively to athletic activities. It is also the scene of gala affairs such as Homecoming dances, proms, and all-school parties.
