As the season progressed, the team then went on to prove their determination and spirit by winning over Warren in their final game of the year.

We were fortunate to have very few injuries during the season. Ronald Dahl was injured during the first game and was unable to play the rest of the season. In spite of the fact that our team gets five weeks in less practice than most of the teams it meets, our school can be proud of the brand of football played by Coach Lysaker's boys.
