

# FOOTBALL RESUME

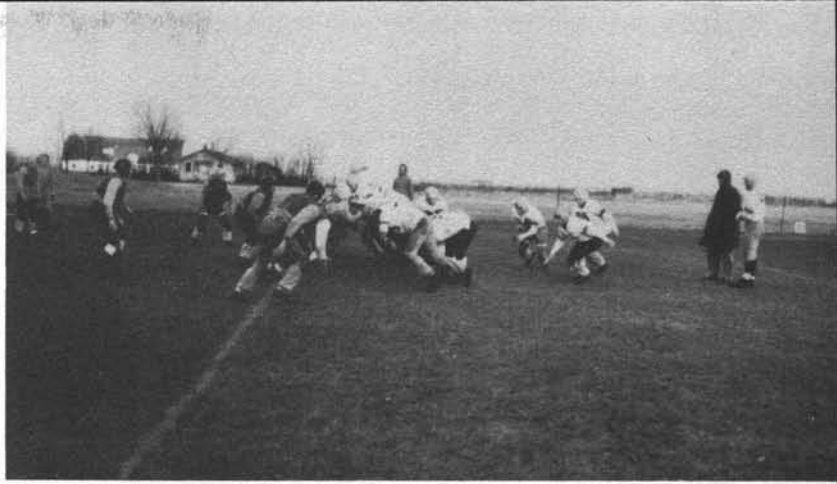

Pre-season football practice started out with a comparatively small number of boys. The few who did come out worked hard and nearly all made the first team.

With the opening of school, the return of twenty-three lettermen and new members made a total of seventy boys giving us a strong hold on the field.

With only two weeks of practice before their first game they proved their strength by winning one game after another in rapid succession.

David Haugo, with a sprained ankle, and Curtis Anderson, who broke his collar bone, were the only players injured during this season.

The Aggies ended the season with a highly satisfying ratio of five wins and one loss.
