

SPLASH SPORTS

There is one activity on this campus which certainly creates a big splash whenever its members participate in it. Sometimes this splash means that everybody gets all wet. But without getting wet and making a big splash, there wouldn't be any activity because we are talking about the swimming team.

Since very few high schools in the northern part of Minnesota have swimming pools, our team can't find too much competition. This year, however, we had two meets with Fargo, N. Dak., and two with Morris besides the conference swimming meet at Morris.

Our hard-working coach, Tom Anderson, sees in swimming a worth-while campus sport; in spite of the lack of competition, many students benefit from the swimming program.
