## It's a great life singing.

At 11:40 on Tuesdays and Thursdays a slow trickle of students enter an empty auditorium. If you know our students well, you will realize that these are the students that make up the advanced choir.

Miss Nelson takes the same stance two afternoons a week to direct the girls' glee club. Through her skillful musicianship, the girls try to achieve a harmony that will satisfy both the director and the glee club members.

During choir and glee club rehearsals the singers work for perfection of various songs to be presented at the annual Christmas and Spring concerts, Parents' Day, and Armistice Day. The annual Winter Show, graduation, and baccalaureate also are scenes of performances by these musical groups.
