

The graduating senior class of 1952 dedicates this Aggie to Miss Retta Bede, a living example of the way we feel about our school. Her energetic enthusiasm is an incentive to all who know her.

In her foods classes we find a scene of cheerful order, but it is in her position as resident head of this New Dormitory that she has won the respect and admiration of the students and her fellow faculty members.

Those of us who have shared her wisdom, warmth, and wit will never forget her. With her remarkable faculty for remembering names and faces, we feel we have the lasting friendship of Miss Bede.

DEDICATION
