

Parents' Day

PARENTS' ASSOCIATION OFFICERS:

Morris Grove, McIntosh; Pres. Martin Landby, Swift; William S. Ash, St. Vincent.

Every year before leaving for Thanksgiving vacation we have Parents' Day. At this time the students display samples of what they have accomplished during the summer months. We have a program where the boys summarize their projects and the girls model the dresses they have made. This year the play production class gave a play and various music groups furnished the music. The afternoon came to a close with a coffee and social hour in the gym.

Duane Halstengard and Ralph Short summarize the boys' home projects.

Look at the freshies showing off their aprons.
