## National Honor Society

The Rouser is published for the students of the school by the journalism students. Journalism is a required subject; therefore all the senior students have a chance to work on their own paper. Six issues are published each semester. The students write special articles and report on the activities on the campus. Each semester a staff is organized with the help of Miss Larsen, their adviser.

To be chosen a member of the National Honor Society is the highest honor given to a student. Scholarship, leadership, character, and service are all considered for membership. Duties consist of checking assembly attendance, sponsoring the school carnival, and taking an active part in most school activities. The students who are members of this nation-wide society should feel it is a great honor and live up to its standards.
