Basketball

Basketball is one of the principal sports at the Northwest School. Mr. Charles Whiting is doing a great job molding the "B" team into a playing unit. By the time the boys are ready for the varsity squad they have been steeped in the theory of dribbling, passing, shooting, and guarding. Mr. Herschel Lysaker adds new basketball knowledge and continues to condition and train them until they become a seasoned team. The team has been having a successful season, improving with each game.
