The Y clubs on our campus have one main objective — — to promote better Christian standards in our daily living on the campus, in the dormitories, and in the classrooms. Among the activities of these groups are the annual district conference and the bi-weekly meetings with interesting and educational programs.

Throughout the year members of these clubs have charge of Sunday evening Vesper Services which are held in our auditorium. One of the main projects for the girls has been to make scrapbooks to send to children's hospitals in the state. These groups are a helpful and worthwhile influence in our campus life.
