Aggie Staff

Here are the students that, with Mr. Field, have spent many nights in the grain crops lab perfecting this years "Aggie." Much of the success of our Annual is due to the efficient advising done by Mr. Field. The Aggie Staff would like to thank all of the faculty and students for their fine cooperation in helping us to get our pictures and story articles. The members of the Aggie Board join in hoping that this Annual contains the information that we students will enjoy as we reminisce in future years the happenings of this school year.
