

"Midnight deadline!"

REMEMBER?...that first meeting in the Library ...our new advisor, Mr. Field...when we moved the file over to Hill Building...the night we picked out our Aggie covers...getting the faculty to have their pictures taken... swiping the Rouser's broken down typewriters...waiting for Jule's proofs...the willing Juniors...planning the new Senior section...rationing our only eraser...meeting that first deadline...when we discovered we lacked a picture of the Junior class officers...how the editors argued together but finally agreed...and finally the day the Aggie arrived!
