We are proud to be juniors. Next year this class will be "the" class. We have met a great many people here whom we have lived with and learned to like. For this is truly a home away from home.

Our class is the largest class numbering 104 of which 91 are boys and 13 are girls. Our Class advisors, Miss Johnson and Mr. Phil Larson, help us plan parties and see to it that our meetings run smoothly.

This year we pick out our class rings, the mark of an upper classman. Of course, we are confident that ours will be much better than all previous classes. We decorated the gym for the Junior-Senior Prom. For the first time Aggie Inn is open from 6 to 7:30 which provides a place for us to go after supper. Other activities include: class parties, skating, and nights out if we have time (and marks) to take them.
