

Honor students work as well as play.

One duty of the honor society is to check roll at assembly.

## *National Honor Society*

The National Honor Society is one of the highest honors our school can confer to students who meet the qualifications.

The object of this organization is to create enthusiasm for scholarship, be worthy leaders and encourage development of service and character among the rest of the student body.

With the help of Mr. Reiersgord the Society members discuss problems, take attendance at assemblies, and promote school activities.
