

Student Council

Assembly led by Student Body President Donald Strickler.

The purpose of the student council is to give the students a voice in school affairs.

Each class elects three representatives. The student body president is elected by the entire student body and is the head of the Student Council.

If the student body has a problem it feels should be brought before the faculty, it is presented to the council. The council discusses it, and if necessary, brings it before the faculty. Thus the Student Council is really a connecting link between students and administration.
