

Pouring on for the finish with Linda in the lead.

## *Girls' Swimming Class*

Swimming is a part of the physical education program and is enjoyed by both boys and girls. Besides being good exercise, it is a valuable asset, especially with the great number of people that go boating during the summer. The instructors are Coach Lysaker and the Concordia College practice teachers.

On your mark, get set, . . .!

This may be a big splash.
