

In the background, Ed Huot is showing some of the members how to operate the lathe, while Rich & Dan use the table saws.

Carpentry Club

One of the school's most active organizations, the Carpentry Club, is primarily concerned in developing skill in all phases of carpentry. Not only that, but loyalty, friendship, honesty, integrity and leadership are also stressed.

Each club member must have a specific project, and many of the boys do outstanding work. There is a real satisfaction in putting your skills and energies into creating something where you can actually see the results.

Carpentry Club Officers:

Edward Huot, President; Daniel Pedersen, Vice-president; Mr. Menzhuber, Advisor; James Bomsen, Secretary; and David Tjon, Treasurer.

The club members are pictured at lower left: Allen Dahnke, Jon Saxman, Jackie Bornson, Wilfred Huot, William Saxman, Daniel Pederson, David Tjon, Ed Huot. *SEATED*: Rodger Swanson, Richard Olson, Gary Ackerman, C. James Bornson. Below is a shot of the club members at work on some of their many projects.
