

# Provide Musical Enjoyment for All

If you have been in the Kiehle Building after school on Monday, you have probably heard strains of music coming from the auditorium. The triple trio with ten members always has something to practice on. The girls in this group took part in the Christmas concert with their version of "Toyland."

With a group of girls such as this it seems to take quite a while to get organized. Thanks to the gentle prodding of Mr. Thorson, we are usually able to accomplish something at our practice sessions. Extra practice sessions are held to help us improve. These are never boring. With ten girls around someone will no doubt start giggling. The girls may not sound the best at all times but they are gaining valuable experience from the guidance Mr. Thorson gives them.

Accompanist: Beverly Shelstad. FRONT ROW: Joyce Schulz, Carol Fehr, Norma Hotvedt, Phyllis Payne. BACK ROW: Judy Karr, Twyla Gunderson, Lila Pake.

Here is Mr. Thorson's hair-em. After all this primping the girls should really look sharp for their pictures.
