Everyone sat in suspense wondering who our Homecoming Queen would be until our senior football captain, William Saxman crowned Norma Hotvedt to reign over the Homecoming activities. This was one of the events that helped us to realize that our school life was drawing to an end.

## Remember This

Our first year at the Northwest School was one of many adjustments because for many of us it was the first time we had been away from home while others had to get used to living with such a large number of people and learning that one of the nicest experiences was making new friends.

Our class has always taken an active part in sports. Many of our classmates have developed into athletes who have contributed to the prestige of our class.

It is our privilege as seniors to be the guests at the Junior Senior Banquet and Prom. Each preceding year, we have had some job to perform in order to make it a success.
