

Juniors

The way the Juniors are stepping up in the ranks of leaders at the Northwest School, they will really be ready to take over in the fall of 1964 and continue their reign the rest of their Senior year.

As you see from the picture at the left we have a few Juniors who are spending their free time to the benefit of putting out the Annual for 1964. There are also many other Juniors who are working on other projects going on at our school.
