

MR. RALPH TITUS, Enderlin, North Dakota
Algebra I and II, Geometry, Physics.
B.S., University of North Dakota.

Last year, while Mr. Titus took a leave of absence to study at the University of North Dakota, Mr. Thoraldson taught math. This year, however, we are happy to welcome Mr. Titus back to our school, and we hope that he will be successful in trying to hammer home some ideas in the math field.

Mathematics and physics are considered fundamental for survival today. Here Mr. Titus and students alike are meeting this challenge head-on with a well rounded program ranging from elementary algebra on through trigonometry, geometry and physics.
