The band, under the direction of Mr. Robert Heckman, provides entertainment throughout the school year for the student body, parents and friends in addition to giving the students an opportunity to develop their musical abilities. The first concert of the year was on Parents Day when the band presented a program of popular and semi-classical music. Its appearance at the Christmas Program provided Christmas music to add to the Christmas spirit and festivities. At the basketball games the band rouses the spirit of the spectators with the cheerful strains of the Rouser or a Sousa march.

This is Mr. Heckman's first year as director of the Northwest School band. As the director he is striving for a band on the semi-popular line.
