

Basketball

Basketball is a most important sport in any school during the winter months. Our school is not excluded, with a representation of fourteen boys on the "A" Squad and ten boys on the "B" Squad, who have proven to put forth much effort in building a good team. There was a lot of individual ability and the boys played well as a team. They played some fine ball and won many exciting games. One highlight of the season this year was when our team placed second in the fourth Annual Fort Garry Invitational Tournament. They also played in the Christmas Tournament at Northwood, North Dakota. Leadership was supplied by John Scheiner, our captain. He and the team played hard every game and showed a lot of ability. John was not only a hard working captain, but he led the team through many a fast moving game and provided the spirit to hold the team together. Next year, Coach Lysaker can look forward to a team that has a lot of ability and a team which will be hard to beat.
