

The Spring Formal

Weeks before the date of the prom the campus was a busy place. The Junior class was busy planning how the gym should be decorated and trying to find time to do it. The girls were busy picking out their formals and wondering if that certain someone would ask them, while the boys were sitting in the dorm wondering which one of their many girls they should ask.

Our Prom, held on the night of March sixteenth was the climax of our Junior year. The theme for prom was "Pacific Sunset." By nine o'clock the beautifully decorated gym was filled with dancing couples enjoying a night they will put down in their book of memories.
