

PRINCIPAL E. N. REIERSGORD, Crookston, Minnesota, B.A. Concordia College, Moorhead, Minnesota, M.A., Administration, University of North Dakota, German I, Freshman Class Advisor.

## Our Principal

A friendly smile and a jolly greeting is one of the outstanding personality traits of our principal. You may wonder what with the discipline problems he encounters and the many other problems he has to solve, how it is possible for him to retain his good humor? Well, if you could hear some of the tall tales carried into his office by some of the students, you wouldn't wonder any longer.

As can be inferred from his title, Principal Reiersgord is often called upon to lend a helping hand where necessity calls for good, sound advice.

Because of a strong interest in students as well as an interest in German and a desire to know his students better, he teaches a course in the German Language. Among the activities that take place in German class, are reading and translating various selections from the textbook, memorizing poems and writing sentences on the board; all of which tend to give a person a sound background in German.

If German I class is as much fun as it appears, everyone must know his lesson well.

Vesper service, one of the highlights of Leadership Camp, is conducted by Mr. Reiersgord.
