

# Social Studies

As American citizens, it is our responsibility to understand our economic system as well as our government and how it functions. By studying government, we are able to learn how it works, thus helping us to become better voting citizens. Everyone in the world is faced with problems of the economical view point. In these two courses we develop an outlook as to what we as Americans have in store for us as we move into adult life. Mr. David Anderson is our instructor in these two subjects.

MR. DAVID ANDERSON, Starkweather, North Dakota; B. A., Concordia College; Social Studies, Bookkeeping; Resident Counselor, Stephens Hall.
