

Completing their first season with a record of 10 wins against 9 losses our TROJANS represented our school exceptionally well. Combined with a lot of hard work and the coaching of Herschel Lysaker it proved to be a very successful season.

One of the highlights of the year was winning their first tournament in the Brandon College Invitational Tournament at Brandon, Manitoba. In the first two contests Tech easily defeated the University of Saskatchewan and Brandon College. In the championship game they edged Minot State's Junior Varsity team 67-64 to capture the title.
