The Business Buzz

In the Business Division the Future Business Executives provide the core organization of which the Girl Fridays and DECA are a part. This year the FBE took charge of a symposium on business practices and procedures at which local persons from the business community spoke. They also sponsored a dinner this spring with Dean Thomas Clifford of the University of North Dakota as main speaker. The Girl Fridays, all secretarial majors, are led by Twylla Johnson, president; Judy Laude, vice-president; Donna Steien, secretary-treasurer; and Dianne Glad, director.
