

A Student's Life

From tea (or coke) and talk to sitting in the sun and reading that letter, student life outside of classes revolves around those little things that add zest to existence. Of course, there are the big things, too, like trips taken and honors won. Several clubs had wanderlust and made excursions to the Twin Cities and Winnipeg to sight-see or attend conventions. And then there were those good weekends spent at home.

Above is Harold Peterson with lots of mail.

Mark Olson (above left) helps himself to a coke at Hoyle's campaign keg party.

Debbie Bolstad, Sherry Hoeft, Peggy Lee, and Donna Steien help themselves to goodies at the Faculty Women's tea. Mrs. Windels is pouring.

Lunchtime, and Ann Siegmund is hungry!

Agricore made a trip to Winnipeg to learn about the neighbors and their agriculture.
