

Steve Frederickson and Bruce Berg conduct an experiment in soils lab.

Mr. Fog's class plants a flat of seed in specially prepared earth.

Here are four men who serve the Ag Division as part time instructors. On the Right is Robert Feldt, assistant in ag engineering. Marlyn Jacobson, Below Left, is a science lab assistant. Gerald Maertens, Center Below, teaches courses in conservation and wild life, and Richard Widseth, Below Right, instructs in ag engineering.
