

A biology class cleans up after sauerkraut!

Electricity study in physics.

Stretches minds

The Division does not grant a degree; rather, it serves as a preparatory department for those working for degrees in AAg., ABus., and AFMg., or for those who elect to continue their education at a four-year college. There is a staff of ten full-time and part-time teachers. The course in Humanities, under the direction of Jeffrey Wiebe, is a team teaching effort conducted by instructors from the Tech faculty, and from Corbett College and the University of North Dakota.
