

Touchdown!

Homecoming hubbub

Mascot Steve Koster and royalty.

Crisp autumn weather, a winning team, and visits from Tech's first alumni made the October 4-5 Homecoming weekend a time to remember. At a special pep fest and hootananny on Friday, the Trojan Goddess was announced and crowned. Saturday's schedule included a board meeting and luncheon for alumni and the game with the Itasca State Vikings. Afterwards there was the usual Homecoming Dance in Knutson Hall. Committees headed by members of the Student Senate carried out the Trojan theme at all events.
