These Leaders Have Something To Say

Casting their ballots for 1970-71 Student Senate officers are Mike Maresca and Gene Palazzi. Pres. John Vignes is manning the voting booth.

Many changes affecting Tech's growth and prosperity this year were the result of the dedicated, hard-working Student Senate. Led by John Vignes, president, and assisted by Dale Knotek, Bernard Selzler, and Kathy Marks, advisers, these students did their best to answer and remedy the requests and complaints of their peers. Attaining coordinate campus status allowed Senate representation on all-university committees. This was also the first year that members were admitted to the UMTCC Campus Assembly. Organizing activities, too, gave the eight-man team a bustling year. Dances, movies, and special events like Homecoming and Snow Days were the result of their planning.
