

Campus Ministry

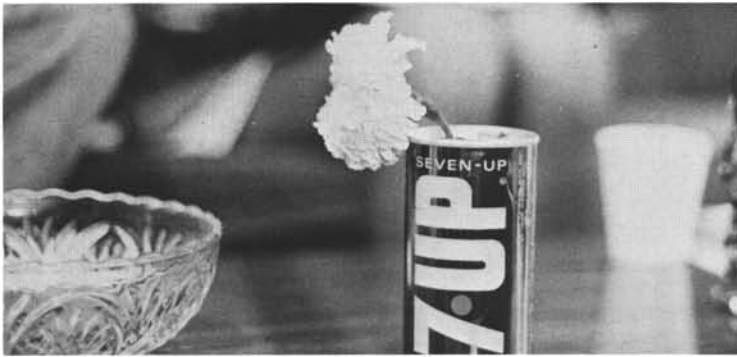

Way up in the attic of the White House you'll find Sister Bonnie, head of Campus Ministry.

Her lounge is always open for students to relax and chat or talk about problems.

Campus ministry sponsored numerous activities throughout the year. Campouts were held at Maple Lake, rap sessions with local clergy and recreational activities kept interested students busy.

Sister Bonnie's office is located in the White House attic.

A national day of fasting, humiliation and prayer brought students and staff to the mall for a noon prayer session.
