## HRI Faculty

HRI (Hotel, Restaurant and Institutional Mgmt.) provides training for employment in the hospitality industry.

Students majoring in HRI learn food preparation and service as well as business and human relations skills.

Students put their skills to work by preparing and serving noon meals in the Trojan Inn, preparing banquets and restaurant seminars. Students are in charge of all planning, purchasing and preparing these meals.

Guest speakers throughout the year also provided students an opportunity to learn about their field.

Steve Lucht and Lynn Jacobson worked on food preparation for the seminar class restaurant "La Cuisine d'Escoffier".
