

Freshmen

While enrollments at many other schools have been dropping, UMC's continued to grow. Fall quarter saw 384 new students which made total enrollment 765 . . . highest ever.

Welcome Week, Sept. 5 through 10, gave freshmen an opportunity to acquaint themselves with UMC and to make new friends. The week's activities included campus tours, volley-ball and softball games, a coffee house concert by Maureen May, faculty home visits, a dunking stand, a dance and a week-end campout.
