

WE'RE ORGANIZED — AND HOW!

The Future Farmers of America, Above Left, is an active organization dedicated to agriculture in all its aspects. Putting on dances, they learned this year, is not the way to build a treasury, however! Above Right are the ambitious, trophy-winning DECAs. In case you don't know, those initials stand for Distributive Education Clubs of America. Newest club on campus, Below, is the Home and Family Service, HFS. Its officers are Kris Knute, v.p.; Kris Roderiquez, historian; Helen Murray, pres.; Avis Kroulik, senate rep.; and Mary Ellingson, treas.

A Conservation Club member and aide, a chain saw.
