Coach Pat Sullivan pointed the UMC skaters in the right direction — all the way to state playoffs. Despite a player loss because of Jerry Arneson's ankle injury, the team did great. The members of the hockey team believed in teamwork, ambition, and winning which lead to their year of success. The cold winter chills didn't stop the team at any time, for victory was in their blood. A majority of the team will be returning again next season ready for another action-packed winter.
